If so, please specify: No

Brief description of filing. (If filing follows rates of an advisory organization, specify organization): The Event Cancellation program was introduced in 2004. We have identified some areas for change that will help us to become more competitive. Since this program has been available for less than 4 years, our experience is very limited and not credible. The decreases will not impact on our current book since in force business does not renew. Coverage is purchased for specific events on specific dates (ex. weddings) instead of a fixed policy term of one year, etc.
